

Grading points	Self Assessment score = 80	Evidence
Video		3 Video provides detailed description about the website
Workload is spread over the whole team		3 Github repository is the evidence that all members contributed in developing features equally, <a href="https://github.com/blackhawk005/C.E.L.T_plus/commits/master">https://github.com/blackhawk005/C.E.L.T_plus/commits/master</a> This link provides all the commits by the team.
Number of commits		3 Github commits on the various branches <a href="https://github.com/blackhawk005/C.E.L.T_plus/commits/master">https://github.com/blackhawk005/C.E.L.T_plus/commits/master</a>
Number of commits: by different people		3 Can be viewed on github repository: <a href="https://github.com/blackhawk005/C.E.L.T_plus/commits/master">https://github.com/blackhawk005/C.E.L.T_plus/commits/master</a> , can also check commits on different branch
Issues reports: there are many		3 Not many issues as we discussed most of the issues prior to start developing <a href="https://github.com/blackhawk005/C.E.L.T_plus/issues?q=is%3Aissue+is%3Aclosed">https://github.com/blackhawk005/C.E.L.T_plus/issues?q=is%3Aissue+is%3Aclosed</a>
Issues are being closed		3 Issues are being closed as evident in github <a href="https://github.com/blackhawk005/C.E.L.T_plus/issues?q=is%3Aissue+is%3Aclosed">https://github.com/blackhawk005/C.E.L.T_plus/issues?q=is%3Aissue+is%3Aclosed</a>
DOI badge: exists		3 <a href="https://zenodo.org/records/10208269">https://zenodo.org/records/10208269</a>
Docs: doco generated, format not ugly		3 <a href="https://github.com/blackhawk005/C.E.L.T_plus/blob/master/Software%20Documentation.pdf">https://github.com/blackhawk005/C.E.L.T_plus/blob/master/Software%20Documentation.pdf</a>
Docs: what: point descriptions of each class/function (in isolation)		3 <a href="https://github.com/blackhawk005/C.E.L.T_plus/blob/master/Software%20Documentation.pdf">https://github.com/blackhawk005/C.E.L.T_plus/blob/master/Software%20Documentation.pdf</a>
Docs: how: for common use cases X,Y,Z mini-tutorials showing worked examples on how to do X,Y,Z		3 Use cases are evident in the demo video
Docs: why: docs tell a story, motivate the whole thing, deliver a punchline that makes you want to rush out and use the thing		3
Docs: short video, animated, hosted on your repo. That convinces people why they want to work on your code.		3
Use of version control tools		3 <a href="https://github.com/blackhawk005/C.E.L.T_plus/branches">https://github.com/blackhawk005/C.E.L.T_plus/branches</a> Used branches to isolate the development of each feature
Use of style checkers		3
Use of code formatters.		3
Use of syntax checkers.		3
Use of code coverage		3
Other automated analysis tools		2
Test cases exist		3 <a href="https://github.com/blackhawk005/C.E.L.T_plus/tree/master/test">https://github.com/blackhawk005/C.E.L.T_plus/tree/master/test</a>
Test cases are routinely executed		3
The files CONTRIBUTING.md lists coding standards and lots of tips on how to extend the system without screwing things up		3 <a href="https://github.com/blackhawk005/C.E.L.T_plus/blob/master/CONTRIBUTING.md">https://github.com/blackhawk005/C.E.L.T_plus/blob/master/CONTRIBUTING.md</a>
Issues are discussed before they are closed		3 <a href="https://github.com/blackhawk005/C.E.L.T_plus/issues?q=is%3Aissue+is%3Aclosed">https://github.com/blackhawk005/C.E.L.T_plus/issues?q=is%3Aissue+is%3Aclosed</a>
Chat channel: exists		3 Discord and whatsapp channel were used for communication
Test cases: a large proportion of the issues related to handling failing cases.		3 Evident in gh
Evidence that the whole team is using the same tools: everyone can get to all tools and files		3 <a href="https://github.com/blackhawk005/C.E.L.T_plus/tree/master">https://github.com/blackhawk005/C.E.L.T_plus/tree/master</a> Everone is contributor to repository and each team member has complete access to repository tools and files
Evidence that the members of the team are working across multiple places in the code base		3 <a href="https://github.com/blackhawk005/C.E.L.T_plus/tree/master">https://github.com/blackhawk005/C.E.L.T_plus/tree/master</a>
Short release cycles		3 Frequent commits <a href="https://github.com/blackhawk005/C.E.L.T_plus/tree/master">https://github.com/blackhawk005/C.E.L.T_plus/tree/master</a>
Question 1.1: Does your website and documentation provide a clear, high-level overview of your software?	Yes	<a href="https://github.com/blackhawk005/C.E.L.T_plus/blob/master/README.md">https://github.com/blackhawk005/C.E.L.T_plus/blob/master/README.md</a>
Question 1.2: Does your website and documentation clearly describe the type of user who should use your software?	Yes	
Question 1.3: Do you publish case studies to show how your software has been used by yourself and others?	Yes	It is shown in demo video
Question 2.1: Is the name of your project/software unique?	Yes	Project name is unique
Question 2.2: Is your project/software name free from trademark violations?	Yes	Yes, didn't find any details about trademark violation in origianl repository <a href="https://github.com/karthikmp5/C.E.L.T_pro">https://github.com/karthikmp5/C.E.L.T_pro</a>
Question 3.1: Is your software available as a package that can be deployed without building it?	No	<a href="https://github.com/blackhawk005/C.E.L.T_plus/blob/master/README.md">https://github.com/blackhawk005/C.E.L.T_plus/blob/master/README.md</a> README file provides all the information about installing and building and nowhere it is mentioned about project available as package
Question 3.2: Is your software available for free?	Yes	<a href="https://github.com/blackhawk005/C.E.L.T_plus/blob/master/LICENSE">https://github.com/blackhawk005/C.E.L.T_plus/blob/master/LICENSE</a> License file states all the necessary details about utilizing and further using our project
Question 3.3: Is your source code publicly available to download, either as a downloadable bundle or via access to a source code repository?	Yes	<a href="https://github.com/blackhawk005/C.E.L.T_plus">https://github.com/blackhawk005/C.E.L.T_plus</a> Repository is public and can be downloaded from github
Question 3.4: Is your software hosted in an established, third-party repository like GitHub, BitBucket, LaunchPad or SourceForge?	Yes	Original project we inherited was hosted but we didn't do it
Question 4.1: Is your documentation clearly available on your website or within your software?	Yes	Docs folder of repository contains complete documentation <a href="https://github.com/blackhawk005/C.E.L.T_plus/blob/master/Software%20Documentation.pdf">https://github.com/blackhawk005/C.E.L.T_plus/blob/master/Software%20Documentation.pdf</a>
Question 4.2: Does your documentation include a "quick start" guide, that provides a short overview of how to use your software with some basic examples of use?	yes	README file contains a demo video <a href="https://github.com/blackhawk005/C.E.L.T_plus/blob/master/README.md">https://github.com/blackhawk005/C.E.L.T_plus/blob/master/README.md</a>

Question 4.3: If you provide more extensive documentation, does this provide clear, step-by-step instructions on how to deploy and use your software?	Yes	README file all the instruction from downloading, installing dependencies and running the project <a href="https://github.com/blackhawk005/C.E.L.T_plus/blob/master/README.md">https://github.com/blackhawk005/C.E.L.T_plus/blob/master/README.md</a>	
Question 4.4: Do you provide a comprehensive guide to all your software's commands, functions and options?	Yes	Yes, docs folder of repository contains file regarding the same <a href="https://github.com/shubham-wawale/Recipe_Recommender/tree/master/docs">https://github.com/shubham-wawale/Recipe_Recommender/tree/master/docs</a>	
Question 4.5: Do you provide troubleshooting information that describes the symptoms and step-by-step solutions for problems and error messages?	No		
Question 4.6: If your software can be used as a library, package or service by other software, do you provide comprehensive API documentation?	No		
Question 4.7: Do you store your documentation under revision control with your source code?	Yes	<a href="https://github.com/blackhawk005/C.E.L.T_plus/">https://github.com/blackhawk005/C.E.L.T_plus/</a>	
Question 4.8: Do you publish your release history e.g. release data, version numbers, key features of each release etc. on your web site or in your documentation?	Yes	<a href="https://github.com/blackhawk005/C.E.L.T_plus/releases">https://github.com/blackhawk005/C.E.L.T_plus/releases</a> We provide project version releases on the github	
Question 5.1: Does your software describe how a user can get help with using your software?	Yes		
Question 5.2: Does your website and documentation describe what support, if any, you provide to users and developers?	Yes	Users can receive support by emailing at the email mentioned in Readme	
Question 5.3: Does your project have an e-mail address or forum that is solely for supporting users?	Yes	Users can email their queries at celtplus63@gmail.com, it is also mentioned in Readme	
Question 5.4: Are e-mails to your support e-mail address received by more than one person?	Yes		
Question 5.5: Does your project have a ticketing system to manage bug reports and feature requests?	No		
Question 5.6: Is your project's ticketing system publicly visible to your users, so they can view bug reports and feature requests?	No		
Question 6.1: Is your software's architecture and design modular?	Yes		
Question 6.2: Does your software use an accepted coding standard or convention?	Yes		
Question 7.1: Does your software allow data to be imported and exported using open data formats?	No	Software is independent of any data requirement	
Question 7.2: Does your software allow communications using open communications protocols?	Yes	Communication of frontend and backend is using http protocol which is open communication protocol.	
Question 8.1: Is your software cross-platform compatible?	Yes	Software can be accessed on various platforms	
Question 9.1: Does your software adhere to appropriate accessibility conventions or standards?	Yes		
Question 9.2: Does your documentation adhere to appropriate accessibility conventions or standards?	Yes		
Question 10.1: Is your source code stored in a repository under revision control?	Yes	Source code is stored in GitHub, a version control software <a href="https://github.com/blackhawk005/C.E.L.T_plus/">https://github.com/blackhawk005/C.E.L.T_plus/</a>	
Question 10.2: Is each source code release a snapshot of the repository?	Yes	<a href="https://github.com/blackhawk005/C.E.L.T_plus/releases/tag/v1.0">https://github.com/blackhawk005/C.E.L.T_plus/releases/tag/v1.0</a> Release 1.0 is the snapshot of the original repo	
Question 10.3: Are releases tagged in the repository?	Yes	<a href="https://github.com/blackhawk005/C.E.L.T_plus/tags">https://github.com/blackhawk005/C.E.L.T_plus/tags</a> Provides tags to each release	
Question 10.4: Is there a branch of the repository that is always stable?	Yes	<a href="https://github.com/blackhawk005/C.E.L.T_plus">https://github.com/blackhawk005/C.E.L.T_plus</a> Master branch is always stable	
Question 10.5: Do you back-up your repository?	Yes		
Question 11.1: Do you provide publicly-available instructions for building your software from the source code?	Yes	README file contains all installation and building instruction <a href="https://github.com/blackhawk005/C.E.L.T_plus/blob/master/README.md">https://github.com/blackhawk005/C.E.L.T_plus/blob/master/README.md</a>	
Question 11.2: Can you build, or package, your software using an automated tool?	No	User needs to manually execute command in terminal to build and run project	
Question 11.3: Do you provide publicly-available instructions for deploying your software?	No		
Question 11.4: Does your documentation list all third-party dependencies?	Yes	All dependancies are mentioned in documentation	
Question 11.5: Does your documentation list the version number for all third-party dependencies?	Yes	requirements.txt provides all the info	
Question 11.6: Does your software list the web address, and licences for all third-party dependencies and say whether the dependencies are mandatory or optional?	No		
Question 11.7: Can you download dependencies using a dependency management tool or package manager?	Yes	requirements.txt file is used to download dependencies	
Question 11.8: Do you have tests that can be run after your software has been built or deployed to show whether the build or deployment has been successful?	Yes	Test folder contains all such tests. <a href="https://github.com/blackhawk005/C.E.L.T_plus/tree/master/test">https://github.com/blackhawk005/C.E.L.T_plus/tree/master/test</a>	
Question 12.1: Do you have an automated test suite for your software?	Yes		
Question 12.2: Do you have a framework to periodically (e.g. nightly) run your tests on the latest version of the source code?	No		
Question 12.3: Do you use continuous integration, automatically running tests whenever changes are made to your source code?	Yes		
Question 12.4: Are your test results publicly visible?	No		
Question 12.5: Are all manually-run tests documented?	No		
Question 13.1: Does your project have resources that are regularly updated with information about your software?	Yes	README is updated regularly to reflect enhancements in the project	
Question 13.2: Does your website state how many projects and users are associated with your project?	Yes	README has information about contributors and forked repository information can be found on repository	
Question 13.3: Do you provide success stories on your website?	No		
Question 13.4: Do you list your important partners and collaborators on your website?	Yes	Mentioned on Repository	
Question 13.5: Do you list your project's publications on your website or link to a resource where these are available?	No		
Question 13.6: Do you list third-party publications that refer to your software on your website or link to a resource where these are available?	No		
Question 13.7: Can users subscribe to notifications to changes to your source code repository?	No		

Question 13.8: If your software is developed as an open source project, do you have a governance model?	No		
Question 14.1: Do you accept contributions (e.g. bug fixes, enhancements, documentation updates, tutorials) from people who are not part of your project?	Yes	Its a open repository, contribution are welcomed under the standards mentioned in CONTRIBUTING file <a href="https://github.com/blackhawk005/C.E.L.T_plus/blob/master/CONTRIBUTING.md">https://github.com/blackhawk005/C.E.L.T_plus/blob/master/CONTRIBUTING.md</a>	
Question 14.2: Do you have a contributions policy?	Yes	<a href="https://github.com/blackhawk005/C.E.L.T_plus/blob/master/CONTRIBUTING.md">https://github.com/blackhawk005/C.E.L.T_plus/blob/master/CONTRIBUTING.md</a>	
Question 14.3: Is your contributions' policy publicly available?	Yes	<a href="https://github.com/blackhawk005/C.E.L.T_plus/blob/master/CONTRIBUTING.md">https://github.com/blackhawk005/C.E.L.T_plus/blob/master/CONTRIBUTING.md</a>	
Question 14.4: Do contributors keep the copyright/IP of their contributions?	No		
Question 15.1: Does your website and documentation clearly state the copyright owners of your software and documentation?	No		
Question 15.2: Does each of your source code files include a copyright statement?	No	<a href="https://github.com/blackhawk005/C.E.L.T_plus/blob/master/LICENSE">https://github.com/blackhawk005/C.E.L.T_plus/blob/master/LICENSE</a>	
Question 15.3: Does your website and documentation clearly state the licence of your software?	Yes	<a href="https://github.com/blackhawk005/C.E.L.T_plus/blob/master/LICENSE">https://github.com/blackhawk005/C.E.L.T_plus/blob/master/LICENSE</a>	
Question 15.4: Is your software released under an open source licence?	Yes	MIT license. <a href="https://github.com/blackhawk005/C.E.L.T_plus/blob/master/LICENSE">https://github.com/blackhawk005/C.E.L.T_plus/blob/master/LICENSE</a>	
Question 15.5: Is your software released under an OSI-approved open-source licence?	Yes	<a href="https://github.com/blackhawk005/C.E.L.T_plus/blob/master/LICENSE">https://github.com/blackhawk005/C.E.L.T_plus/blob/master/LICENSE</a>	
Question 15.6: Does each of your source code files include a licence header	No		
Question 15.7: Do you have a recommended citation for your software?	Yes	<a href="https://zenodo.org/records/10208269">https://zenodo.org/records/10208269</a>	
Question 16.1: Does your website or documentation include a project roadmap (a list of project and development milestones for the next 3, 6 and 12 months)?	No	Too short project duration for it to be possible	
Question 16.2: Does your website or documentation describe how your project is funded, and the period over which funding is guaranteed?	No		
Question 16.3: Do you make timely announcements of the deprecation of components, APIs, etc.?	No
